Private Chefs Atelier

Culinary experiences designed for the elite.

About Us

Founded by Chef Luca Napoleone, Private Chefs Atelier quickly became the private chef company of choice for VIPs and elite clients worldwide. We curate personalized culinary experiences in any location and for any occasion.

4,000+ experiences delivered worldwide.

Our cuisine spans Mediterranean, Italian, Greek, and Asian influences — from refined canapés and breakfast service to full multi-course dinners and high-profile banquets.

Our promise is simple: Michelin-level cuisine, impeccable service, and complete discretion. Every experience is designed to exceed expectations and reflect the highest standards of luxury.

Our Vision

Our vision is to give clients a true alternative to the finest restaurants — the freedom to host in complete confidence, in the calm privacy of their own space.

We create experiences that are intimate, personal, and ultimately more memorable than dining out. Every element is considered: from the sourcing of exceptional ingredients to the flow of service and the atmosphere around the table. Each detail is handled with discretion and precision, allowing our guests to relax, enjoy their company, and immerse fully in the experience.

Our Services

PRIVATE DINING, VILLAS & YACHTS

We bring Michelin-level dining to private homes, estates, and yachts. Every menu is created around the client's preferences, with full service provided at the same level as the world's finest restaurants. Our team ensures the highest standards of cuisine and service, even in the most exclusive or challenging environments.

EVENTS & CORPORATE ENGAGEMENTS

We manage the full dining experience — from menu design and preparation to staffing and execution — with precision. Whether for intimate gatherings, large-scale functions, or executive board dinners, we deliver results that impress both private guests and corporate clients.

CULINARY EXPERIENCES

We offer professional cooking classes for all levels, from beginners to advanced. Conducted in private homes, villas, or corporate settings, these sessions are led by our chefs in a hands-on format that combines learning with fine-dining standards. They are also a perfect gift for culinary enthusiasts and can be tailored to any occasion — from mastering classic dishes to learning how to prepare the perfect barbecue.

BRAND COLLABORATIONS

We collaborate with luxury brands and institutions to design custom culinary experiences that showcase their identity and create lasting impact. Each partnership is crafted to reflect the prestige of the brand while delivering a distinctive, memorable experience for their guests.

BAR & EVENT SERVICES

Complete beverage and hospitality solutions for private residences and corporate events. From professional mixologists and sommeliers to tailored bar concepts, we elevate the experience with refined drinks service. We also provide luxury event essentials — décor, furniture rentals, and curated tableware, from fine porcelain plates and silver cutlery to hand-blown crystal glassware — ensuring every detail reflects the highest standards.
